

Horse Production Project

Record 1 — Broodmare

Instructions

Complete one 4-H Horse Production Project Record 1 for each of your broodmares. Use this record to summarize information about your mare's pedigree and identification and to record the costs and things you do to feed and care for her. Transfer the total costs of breeding and foaling, foot care, feed, and health and veterinary care from this record to the 4-H Horse Production Project Annual Record. Turn in this record and the records of your other horse production project animals with your Project Activity Guide (Level 1, 2, or 3).
