

Family Fitness Instructor Web Follow-Up Survey Email Directions

Dear Family Fitness Instructor,

The Penn State Extension Family Fitness Team would like to find out how you have used the Family Fitness Program curriculum and materials since you have attended the training. Please take a few minutes to fill out our survey using the link below. We need some of this information for USDA and to sustain our grants that support your teaching. We will also use your feedback to improve our training and program.

If you have run a program, please have your attendance forms with you to fill out this survey. If you have run more than 1 program, exit the survey and use the link to reenter it to complete this survey for each program.

As an instructor, you may want to know your impact on the participants. **If you would like to have your program site's participants' surveys analyzed for impact,** you will be instructed at the end of this survey to send me an email with the name of your site. I will send you a link for you to enter your data and learn further information for your data analysis.
