

**Teen Veterinary Science Short Course**  
**Six Thursday Evenings: Jan 5th, through Feb. 9th**  
**6:30—7:30 PM at the Animal Medical Center in Trappe**

Penn State Cooperative Extension of Montgomery County invites all interested teens to attend the 2012 4-H Teen Veterinary Science course being offered in the Trappe area. The course is open to all youth ages 14-18, who are seriously interested in learning more about veterinary medicine as a career.

This program will address how to prepare for a career, look at schooling needs, and help participants experience some of the daily duties of a veterinarian or vet technician. Other topics will include determining animal health (office visits), animal handling and safety, acupuncture, lab radiology, and parasite control. Members may even have an opportunity to view a surgery procedure on one of the nights if possible. We are very pleased to have the staff of the Animal Medical Center in Trappe volunteering to be our instructors.

The course will run six Thursday nights, from January 5th, up to and including February 9th. Classes will be held from 6:30-7:30 PM at the Animal Medical Center in Trappe which specializes in companion animals and exotics. It is located on Route 113 (25 West Third Avenue) near Ridge Pike.

Pre-registration is required. The fee is \$25.00 per person, checks payable to **Montgomery Co. Coop. Ext.**

Send application and check to:

Montgomery Co. Cooperative Extension, ATT: Vet Science Course  
 1015 Bridge Road, Suite H, Collegeville, PA, 19426

Please note ***Vet Science Course*** on your check. Youth do not need to be in 4-H prior to the course but by enrolling in the program they will be listed as a member for the year. We are also looking for one parent who would like to stay and serve as an adult volunteer for the course. Enrollment is limited (18 teens). For more information: call the 4-H office at 610-489-4315.

Sincerely,  
 Rebecca Villegas, Extension Educator
