# WHEN DISASTER STRIKES

Ag Damage Assessment Forms can help you quickly, easily, and accurately:

**ASSESS** damage to all agricultural inventory

**ESTIMATE** economic loss

## AgDamage Assessment Form

When disasters cause damage to:

ANIMALS

CROPS

STRUCTURES & FACILITIES

STORED MATERIALS

EQUIPMENT & MACHINERY

It is important to be able to quickly and accurately assess the scale of the damage, and determine the economic loss caused by the disaster. Whether natural, accidental, or intentional, the **Agricultural Damage Assessment Form** can provide a quick and easy method to make an accurate assessment of damage, and an accurate estimate of the economic loss to agriculture.

- Reduce guesswork—more accurate
- Examples show the process
- User Guide explains each section
- On-line webinar training
- PowerPoint™ training with instructor notes

One simple form for every type of disaster, for all agriculture, and every state and region.
