

Acknowledgments

We want to thank the Commonwealth of Pennsylvania, Department of Community and Economic Development for providing the grant that funded the project and the research. We also are especially grateful for the assistance that Cindy Iwig, Council Coordinating Agent, for Central Pennsylvania Workforce Development Corporation who coordinated research groups with the local school districts. Thanks are also extended to Judy Ann Fitzgerald, Mary Beckley and Jennifer Rodrigues for their help in the reports preparation. Without this support, the project would never have come to fruition.
