The Pennsylvania Dairy Plant and Raw Milk Directory provides a listing of the dairy foods permit holders in Pennsylvania. The directory was compiled by Penn State with assistance from the Pennsylvania Department of Agriculture (PDA) and includes dairies holding PDA grade A, non-grade A, manufacturing, aged cheese, and raw milk permits. This directory can be found online at extension.psu.edu/food/dairy. Information on the PDA Milk Sanitation Program can be found at www.agriculture.state.pa.us.

For quick reference, dairy plant and raw milk permit listings are sorted by the categories below. In these sections, dairies are listed by name only; full contact information is provided alphabetically in the last section.

Pennsylvania Department of Agriculture Region ....................... 2
Pennsylvania County ................................................................. 11
Dairy Plant Number ................................................................. 23
Products Manufactured............................................................. 25
   Butter ............................................................................... 25
   Cheese ............................................................................ 25
   Cultured Products .......................................................... 29
   Dry and Condensed Products ........................................ 30
   Ice Cream and Ice Cream Mix ....................................... 30
   Pasteurized Milk and Fluid Products .......................... 32
   Raw Milk Permit Holders ............................................. 34
   Dairy Contact Information ............................................ 39

Information on a company's product line was gathered from permit information, Internet searches, and personal contact. The information at printing is correct to the best of my knowledge, and is not guarantee that the company is still providing the products listed. If you find misprints or incorrect information, please send the changes to:

Dairy Plants and Raw Milk Permit Holders Sorted by Products Manufactured

This section broadly categorizes the dairies by the types of products they manufacture—butter, cheese, cultured products, dry and condensed products, ice cream and ice cream mix, pasteurized milk and fluid products, and raw milk. These categories can represent a wide range of products and varieties, for example:

- **Butter**: salted, unsalted, consumer pack, bulk pack
- **Cheese**: cheddar, blue, Swiss types, cream cheese, cottage cheese, fresh, aged, and cheeses made from cow, goat, or sheep milk
- **Cultured products**: yogurt, buttermilk, sour cream, kefir
- **Dry and condensed products**: milk and whey powders, condensed buttermilk
- **Ice cream and ice cream mix**: ice cream shop, grocery store, ice cream mix only
- **Milk and fluid products**: pasteurized products, whole, low-fat, and flavored milk, other drinks (tea, lemonade)

The “raw milk” permit category lists dairies that hold a raw milk permit, which may mean that they are using raw milk for manufacturing cheese. Holding a raw milk permit does not necessarily mean that the dairy sells raw milk directly to the public. Manufacturers may change their product lines at any time. Please contact the dairy directly to verify that the products and varieties offered are currently available.
