This year we have created a separate class for irrigated corn. This class will cover the entire state. One individual can have an entry in the irrigated class and a separate entry in one of the other production region classes (non-irrigated corn). Please submit a separate form for each class you wish to enter in.

Entries will be accepted up until August 16, 2023. Note that we have eliminated the early deadline this year. The deadline for all entries is August 16, 2023. If you have questions, contact your local Extension educator; or contact Martin Krone (email: mkrone@pa.net; cell 717-372-5050)

Prior to harvest, complete the harvest report form, which will be mailed to you in September. Make arrangements for harvest with an approved harvest supervisor. Review the Harvest Rules for prior to harvest. Send your completed and signed harvest report form to Martin Krone by Dec 15, 2023.
