Money management skills are important in everyday life for meeting financial goals. Kids and Kash teaches youth how to be smarter consumers by distinguishing between wants and needs, by comparison shopping, by registering complaints when necessary, and by reading warranties and guarantees.

4-H and Schools: A Great Partnership!

4-H is a youth development program of Penn State Cooperative Extension. It is a nonformal education program for youth between the ages of 8 and 19.

4-H projects are offered to youth through community clubs, project clubs, and special interest groups, as enrichment to school curricula, and in the 4-H Afterschool program. Projects are based on research, and many help to support the Pennsylvania Department of Education Academic Standards.

This publication is available in alternative media on request.

Penn State is committed to affirmative action, equal opportunity, and the diversity of its workforce.
