The Rent Event

Recommended grade level:

Project length:

Cost:

Teacher's responsibility:

For more information, contact:

Learning about renting is important for older teens because they will soon be leaving home to get jobs, go to college, or get married. The Rent Event project covers the basics of renting: understanding the lease, selecting an appropriate place to live, finding and choosing a roommate, dealing with utilities, getting renter's insurance, and using a renter's checklist.

4-H and Schools: A Great Partnership!

4-H is a youth development program of Penn State Cooperative Extension. It is a nonformal education program for youth between the ages of 8 and 19.

4-H projects are offered to youth through community clubs, project clubs, and special interest groups, as enrichment to school curricula, and in the 4-H Afterschool program. Projects are based on research, and many help to support the Pennsylvania Department of Education Academic Standards.

This publication is available in alternative media on request.

Penn State is committed to affirmative action, equal opportunity, and the diversity of its workforce.
