You are a Consumer. You spend $4 trillion a year. You spend less money you have to save. The more you save, the more money you have to spend. Everyone is a consumer. Whoever you are, you need to spend wisely. You assemble your good fortune with savings. It is good to have a good deal of money. The more money you have, the more you can buy. Someone who makes a good deal of money is rich. Make sure that you spend money wisely. The more you spend, the more money you have to save. Make sure that you save money wisely. You are a consumer. Everyone is a consumer. You need to save money. You need to spend money. The more you spend, the more money you have. You are an informed consumer. Everyone is a consumer. You need to know the least amount of your money. It is good to have a good deal of money. You need to know how to spend wisely. You need to know how to save money. You need to know how to assemble your good fortune.
Every few months, I check in on my current money habits and see if I need to make any changes. Here are a few questions to help you do the same:

1. Total: Does the product do everything I want?
2. Usually: Does the product do anything I need that I don’t get from the product I’m using now?
3. Sometimes: Is the product not as good as I thought it would be?
4. Never: Does the product not work at all?
5. Never: Does the product not work at all?
6. Never: Does the product not work at all?
7. Never: Does the product not work at all?
8. Never: Does the product not work at all?
9. Never: Does the product not work at all?
10. Never: Does the product not work at all?

These are just a few questions to get you started. If you have any other questions, feel free to ask!
Consider these questions when researching a costly product you plan to buy:

What do you want to buy?

What stores did you check pieces at?

Other

Magazine and

Newspaper and

Sale flyer

Catalogs

Where did you see it advertised?

Other

Family

Friends

Other

Who did you talk to about it?

Compatible prices online

Did you read or find out more about it (Circle your answers)?

The more you know, the more you’ll save.

Shop smart. Check it out. Talk with friends. How to.

Check it out. Talk with friends. How to.

Does it look good on me?

Does it fit me? Is it easy to use?

Think about things that are important to you.

Shopping online can save you time, money.

Compare prices at other stores. You may find the lowest price for the same item in another store. Check the store’s online prices. They might be as low or lower than prices in nearby stores.

Compare the features of the item. Look at the brand name, type of the item, price of the item, and other details.

Compare the returns and warranties of each item. If you have a different brand of an item, you might be able to get a different price for the same item at a different store.

If you want to buy, call the store and ask if they have that item on sale. You can often get a discount online.

Consider the features of the item. Look at the brand name, type of the item, price of the item, and other details.

Compare the returns and warranties of each item. If you have a different brand of an item, you might be able to get a different price for the same item at a different store. Check the store’s online prices. They might be as low or lower than prices in nearby stores.
