

# Horse Production Project

## Record 2 — Foal, Weanling, Yearling, or 2 or 3 Year Old

### Instructions

Complete one 4-H Horse Production Project Record 2 for each of your foals, weanlings, yearlings, or two or three-year olds. Use this record to summarize information about your animal's pedigree and identification and to record the costs and things you do to feed and care for it. Transfer the total costs of training, foot care, feed, and health and veterinary care from this record to the 4-H Horse Production Project Annual Record. Turn in this record and the records of your other horse production project animals with your Project Activity Guide (Level 1, 2, or 3).

### Member, owner, and animal identification

Name of 4-H member \_\_\_\_\_

Name of horse's owner \_\_\_\_\_

Name of horse or pony \_\_\_\_\_

Breed \_\_\_\_\_

(If not eligible for registration, write the word "grade", list the breed of the sire and dam, if known, or list the breed which the animal's type and color most closely resemble.)

Registration number (if registered) \_\_\_\_\_

Name of registry association (if registered) \_\_\_\_\_

Date born \_\_\_\_\_

Sex \_\_\_\_\_ Color \_\_\_\_\_ Height \_\_\_\_\_

### Pedigree

For registered animals, complete the pedigree for the animal using registration names and numbers. For grade animals, complete as much information as possible, listing both registered and/or grade parents and grandparents.
