

Cloverbuds: Bugs, Butterflies, Worms, and Spiders

Things to Try at Home

Honey Recipe

Materials:

- Recipe directions and ingredients
- Book or Video: *The Magic School Bus in a Beehive: The Buzz about Bees.*

What to do:

- If available, view the video *The Magic School Bus in a Beehive: The Buzz about Bees.* Read *The Magic School Bus in a Beehive: The Buzz about Bees.*
- Make reading fun by using different voices (high, low, slow, fast, squeaky, scared) for the different characters. Try to imitate the voices from the video.
- In the video/book Ms. Fizzle's class learns how bees make honey.
- The class also learns the special way that bees communicate with each other by "dancing."
- Try making a recipe using honey and keep track of the different ways you communicate with each other while you are cooking together.

Talk about:

The bees had to work together to make the honey. What things does our family do together? What things do we make together? How many ways do we communicate with each other while we work with each other? What else do we do besides speaking to communicate to each other?
