

PAOneStop

Agricultural Erosion and Sedimentation Control Planning System

BigStockPhoto

What is PAOneSTOP?

PAOneStop provides free, easy-to-use online tools to assist farmers in developing agricultural erosion and sedimentation control and manure management plans to meet regulatory requirements, minimize soil loss, and protect the water quality. Development of PAOneStop is ongoing and will be released to the public incrementally.

Who can access farm information?

Information related to any individual farm will not be shared with or distributed to any other organization without permission of the individual farmer. PAOneStop is maintained by Penn State Extension.

Who is developing PAOneStop?

PAOneStop is being developed by Penn State Extension in collaboration with and support from:

- Pennsylvania State Conservation Commission
- Pennsylvania Department of Environmental Protection
- Pennsylvania Department of Agriculture
- USDA Natural Resources Conservation Services
- Sustainable Chesapeake
